PERSONAL SUMMARY

I am a final-year Software Engineering student at NUML with a CGPA of **3.72**. I have skills in frontend development, AI, C# programming and troubleshooting hardware/software issues. I completed an internship at **Pakistan Oilfields Limited** (POL), where I worked on Oracle E-Business Suite, website development, network configuration, and troubleshooting system issues. I also have six months of professional experience in SEO. I am focused on creating user-friendly software and contributing to IT projects effectively.

PROFESSIONAL EXPERIENCE

July 2025 – Aug 2025

Intern – ERP & CMS Departments

Pakistan Oilfields Limited (POL) | Morgah, Rawalpindi

- Worked with **Oracle E-Business Suite** (EBS) modules including General Ledger, Payables, Receivables, Inventory, and Asset Management.
- Assisted in **website development** using React (frontend) and MySQL (backend).
- Troubleshot PCs, installed operating systems & software, and configured **network devices.**
- Designed a network layout diagram for POL, mapping switches and connectivity with other stations.

Jun 2024 – Dec 2024
